Additional information

Degree Overview

The MBA in Law and Management emphasises both professional and vocational development as well as an awareness of key legal and regulatory issues that play a central role in the successful management of modern enterprises of all types and sizes. Students will develop an understanding of higher-level managerial skills and concepts, and their application in practical situations. Students will have the opportunity to examine the law and regulation that affects business in a wide range of key areas. An important objective is to provide relevant analytical training in the latest strategic, managerial, legal and commercial developments in both public and private sectors.

Study Reasons

- Studying for a Masters of Law degree creates a range of professional opportunities for those who chose to study for them. Bangor University offers a number of specialist Masters of law programmes, as well a more general programme -LLM Law.
