IY0 (Engineering and Computer Science)

#### Additional information

### **Degree Overview**

During the degree, students will gain extensive practical experience to ensure that they develop sound practical skills as well as thorough theoretical knowledge. Accredited by the Institution of Engineering and Technology (IET) on behalf of the Engineering Council for the purposes of fully meeting the academic requirement for registration as an Incorporated Engineer and partly meeting the academic requirement for registration as a Chartered Engineer. There is a high demand from international employers for graduates who have completed this course. Bangor University has a 95% employability rating.

### **Study Reasons**

- Electronic Engineering at Bangor is ranked 4th in the UK for Research Outputs.
- Bangor University offers students the opportunity to spend a year working in industry between the second and third years. Individual projects are often carried out in collaboration with a company providing you with advantages when seeking employment.
