- Rent also includes gym membership and Campus Life events programme. Campus Life events like sports events, movie nights, BBQ's, cooking classes, quiz nights, exciting trips etc to help students get the most from their time in Halls.

Speciality

This degree programme provides the opportunity to follow the prestigious CFA (Chartered Financial Analyst) specialist pathway and acquire the skills to complete the CFA Level 1 examination (for both September-intake and January-intake students).

Pre-master's (Investment and Banking)

Additional information

Degree Overview

The ever-changing nature of financial markets, financial institutions and business firms, has made it increasingly important for finance experts including financial managers in multinational companies, investment analysts in securities firms, lending officers in banks and other financial institutions and traders in capital markets and dealing rooms - to have a clear understanding of the theory and practice relating to financial market operations and corporate financial strategy. Familiarity with the most recent developments in risk appraisal, portfolio analysis, the engineering of synthetic products, modelling techniques, financial analysis and valuation are essential requirements for all those involved directly in financial activities or who wish to gain a deeper understanding of this important area of business management.

Study Reasons

- At Bangor University postgraduate degree programmes in Accounting, Banking and Finance address a wide range of high-profile issues affecting consumers, companies, financial institutions and the public sector. Bangor University delivers highly valued knowledge and transferable skills which prepare you for a very wide range of potential careers.
- 12 months (January and September start dates). A 10-month version is also available (September start only). Students on the 10-month course will study 5 modules in the Autumn and 5 in the Spring.
