Requirements

Admission requirements

- Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.
- Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in business and management, computer information systems, economics or other types of global studies or similar degree areas.
- Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours or 90 quarter hours of their first bachelor's degree program, or a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. essays
4. one letter of recommendation
5. resume
6. proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency (*TOEFL 80 (no band below 20) (IELTS 6.5 at least 6.0 in all skills)*) regardless of their current residency.

There are two main audiences for the master's degree program: recent undergraduates from logistics-related majors, and career advancers with a background in supply chain management and operations whose skills can be expanded to include a broader global context and exposure to emerging markets. Students must be able to commit to a full-time plan of study; the program may not cater to working professionals as it is currently designed.

This program is appropriate for applicants who have strong quantitative skills and seek to adapt those skills to be more competitive in the job market.

There is no requirement for a foreign language exam for this program.

Accommodation

Provided by partner agencies;

On-campus housing and meals \$18,933

Speciality

STEM-OPT for international students on F-1 visas

This program may be eligible for an Optional Practical Training extension for up to 24 months. This OPT work authorization period may help international students gain skills and experience in the U.S. Those interested in an OPT extension should review ASU degrees that qualify for the STEM-OPT extension at ASU's International Students and Scholars Center website.

The OPT extension only applies to students on an F-1 visa and does not apply to students completing a degree through ASU Online.

Additional information

Program description

Degree awarded: MS Global Logistics

Classes for the MS in global logistics meet one night a week in person, followed by one night as a synchronous course. This is an evening program that allows flexibility for students with both in-person and online offerings.

The curriculum, with in-person and sync courses offered in the evening, provides specialized knowledge and practical perspectives on global operations, logistics and multicultural approaches. Students build a foundation for a growing global field through curriculum developed by one of the leading supply chain management departments in the country.

Students in this program have access to world-renowned faculty, motivated classmates and personalized career resources. The W. P. Carey Career Services Center provides students with innovative career programming and coaching, as well as an opportunity to meet with a wide range of employers.

Career opportunities

Graduates are prepared for the growing field of global logistics, possessing the essential academic preparation for pursuing a professional career with an international perspective in logistics, supply chain and global operations.

Career examples include:

- logistics analyst
- logistics manager
- supply chain analyst
- transportation manager
