Accommodation

Campus Hub Residence

Our fully serviced living facilities are designed to integrate a comfortable residency for our students, which is only 20 minutes off the University Campus by bus. We aim to ensure that all our students feel safe, secure, and satisfied in our Campus Hub. With its calm and pleasant atmosphere, contemporary residential rooms, fitness facilities, intriguing retail establishments, and budget-friendly cafés and restaurants, students are made to feel right at home. There is a direct bus facility to school from the residence, which creates ease of access for our students.

Speciality

Additional information

This Master's in Business and Management course allows you to engage with the latest business procedures and strategies while teaching you how to apply your new knowledge and insights in a modern workplace. You will gain important managerial, planning and analytical skills, and the ability to specialise in a specific subject area relevant to your present or future profession, which will help you stand out from others in your field.

This degree enables you to tackle the social, political, environmental, and cultural challenges that modern businesses, governments, and non-profit organisations face. You will acquire capabilities that are in high demand, as you learn under the guidance of world-class industry experts and researchers.

Furthermore, you will be able to immediately apply the skills you acquire in your career, adding to the success of a business. This course helps you take your career potential to the next level with the skills and knowledge to operate more successfully in your profession after completing this postgraduate qualification. You can begin your journey to becoming an impactful leader in the future with our MA in Business and Management programme. You will be engaged in a year-long course on what success in modern corporate management entails, providing great returns on your overall investment.

GBS Malta is offering students access to the Malta Get Qualified Scheme, enabling students to benefit from tax credits that help lower overall study costs. This scheme is highly valuable, giving back 70% of tuition fees after graduation.
