Additional information

This programme will help you take the next step towards your career goals, equipping you with key skills so you can become a leader in tomorrow's global business world.

Become an expert in the macro and micro contexts of international business, developing highly employable skills such as management, leadership, business development and more. With most organisations within the HR industry (73%) feeling strained due to a lack of skilled workers (Search Consultancy, 2021), now is the time to pursue the career of your dreams.

With this programme, you will learn about international business and human resources and how to put theory into practice for the best possible outcomes. You will develop all the crucial skills needed to succeed.

Learn from expert lecturers with practical business-related experience

Develop skills in financial theory, decision-making and strategy development

Boost your employability by exploring global marketing, entrepreneurship and international human resources management

Choose between a Dissertation or Applied Research Project option

Make the most of technology through Blackboard, our online learning environment, allowing you to access module materials and reading lists
