Elementary-Education Program and Degree Overview

Originally founded as the Addison Teachers Seminary in 1864, the University has a 150-year track record of producing some of the most qualified teachers in the country.

More than a dozen CUC graduates have been recognized by the highly prestigious Golden Apple Foundation for outstanding teaching, which speaks volumes about the level of training you will receive.

At CUC, you are trained by experienced educators who themselves are teachers with years of practical classroom experience. Our faculty understand the day-to-day challenges you will encounter because they have been there themselves. They strive to thoroughly prepare you for the realities you will face as a teacher. Concordia-Chicago's location near Chicago provides access to a rich socioeconomic learning environment at the crossroads of urban and suburban communities.

In addition to your general education courses, you will receive training in specific elementary education courses, which focus on the characteristics, assessment and instructional strategies needed to teach one of the widest-ranging age groups available for certification.

Concordia-Chicago teacher candidates must complete a rigorous 16-week student teaching internship in real classrooms—this means you are managing and teaching a class of your own and building your resume before you even graduate.
