IY0 (Business and Management)

IY1 (Business, Management and Marketing)

Additional information

Business Management

After successfully gaining a degree in Business Management, students will develop a broad understanding of business organizations. Students will learn how businesses develop strategies, make decisions, organize their internal resources, and manage risk and uncertainty.

Degree Overview

The degree in Business Management will provide insights and expertise in specific business functions such as marketing, human resource management, accounting, and finance. The students will study specialized topics such as entrepreneurship and international business, which will also develop an awareness of the wider environment in which businesses operate, by studying subjects such as business economics and business law.

Study Reasons

- Bangor University's staff are active researchers in their subject areas and enjoy an international reputation.
- Bangor University offers an attractive range of postgraduate degrees (MA and MSc) in business and finance subjects which provides the students with an opportunity in continuation of their education.
