### Course overview

Our BA (Hons) Business and Management course structure is designed by industry experts, which prepares you for a career in business through a flexible and supportive learning environment. This course helps you focus your learning on the forefront of modern enterprises. Moreover, with modules like organisational strategy, innovation management, and more, you will become creative thinkers, innovators, and problem solvers.

Through the improvement of digital and sustainable business practices, you will master the foundations of business, management, and leadership. Whether you are starting your own business or working for a multinational firm, our BA (Hons) Business and Management programme will prepare you to be a successful manager in any organisation.

During the course, you will be taught in a formative learning environment, allowing you to apply your business and marketing knowledge in every class. Our experienced faculty will teach you the fundamentals of business management, which will prepare you to excel in today's ever-changing business environment.

Our students' careers are as varied as the world of business itself; some work for small businesses while others join graduate schemes within national and international organisations or set up their own enterprises. With the skills you develop throughout your degree, you'll be ready to tackle the challenges of any modern workplace. Career options for students who have completed this course include:

- Business Management
- Project Management
- Account Manager
- Communication and Marketing
- Marketing Consultant
- Executive Assistant
- Graduate Business Analyst
- Marketing Executive
- Sales Manager
