Speciality

Pathways Available: Pre-Master's

Sandwich course fees - charged during the placement year away from the University of Bradford for students on thick sandwich courses, or during the year in which the second placement falls for students on thin sandwich courses. Students charged at 10% of the equivalent full-time fee.

If a placement year is to be undertaken abroad and supported by University funding through the University's exchange programmes, fees will increase to 15% of standard fees to cover additional support, advice and administration costs.

Additional information

Degree Overview

The Master's Finance and Investment places an emphasis on specialist areas within finance including undertaking financial investments, financial modelling, mathematical finance and financial management roles within mainstream financial firms. There will be particular focus on providing students with the conceptual understanding, knowledge and technical skills that are required to implement advanced financial models in a practical way.

The Master's programme in Finance and Investment is built on a foundation of general Finance and Financial Management, Econometrics and Investment modules.

The Master's in Finance and Investment is designed to equip students with the necessary knowledge and skills in finance and investment subjects to enhance their operational effectiveness in this particular area, or to serve as preparation for further study or an academic career.
