## Additional information

## Degree Overview

Politics confronts the big issues that affect society. Students get an overview of the British political system as well as examine some of the most complex problems faced by humanity and the ideas that underpin them. Students can study from optional modules on Russian, Irish, and Middle Eastern politics, nations and nationalism, political theories, and human rights and humanitarian intervention.

Students develop the ability to think critically about outcomes and learn how to locate, analyse, and compare information to support or challenge those outcomes.
