Additional information

Change student lives with your MAT in Middle School Education (5-9) online

From teaching fundamentals to advanced strategies, the online Master of Arts in Teaching in Middle School Education (5-9) program from Avila University will provide the credentials you need to be a successful teacher. Through convenient online coursework and invaluable student teaching experiences, you will learn how to design, differentiate, and assess lessons that maximize student learning and engagement.

Since Avila graduates score higher than the state average on their initial teaching certification exam, you know the University's reputation for excellence in teacher education is well-earned. Once you've graduated, you can earn your teaching license and choose a certification area in Language Arts, Math, Science, or Social Studies. Plus, meet the rising demand for middle school teachers well-versed in reading strategy with Avila's unique emphasis on cross-curricular literacy interventions.

In this education online program, you will:

- Use theoretical knowledge, research, and culturally responsive practices to create a positive learning environment that promotes the intellectual, social, and personal development of all students
- Apply principles, theories, and methods of effective curriculum design, instruction, and assessment
- Promote learning, critical thinking skills, and social responsibilities of all student populations
- Model professionalism through effective internal and external communication, self-reflection and professional growth, and productive and effective collaboration with students, colleagues, and stakeholders

Career opportunities:

- Language Arts Teacher
- Math Teacher
- Science Teacher
- Social Studies Teacher
