# Degree Overview

Our MA journalism programme offers a dynamic course that's closely linked to the industry, combining the latest digital journalism with traditional methods on multimedia platforms in our newsroom, TV and radio studios.

You will learn to develop a range of practical skills along with reporting and production expertise for TV-video, online, radio-podcast, social media, newspapers, magazines and more. We also support and encourage students to start publishing and broadcasting their own work during the course.

Recent graduates have gone on to work for media organisations such as the BBC, ITN, STV and across the newspaper and publishing industry as well as public relations, marketing and corporate communications.

Typical entry point to this course is in September. Please enquire for more information.
