Accommodation

Our campuses are designed to provide a stimulating experience and to prepare for a rich and exciting career.

To celebrate its 10 years of presence in Lyon, BSB offers itself a new campus.

BSB currently welcomes its students to its campus located in the 8th district.

To meet its development ambitions, BSB is investing in a **new 9,000m² campus** in the same district to welcome **2,500 students at the start of the 2025 school year**.

Speciality

English and France

Additional information

The BSB Grande Ecole Master Programme is a course that prepares you in 2 years for jobs in finance, marketing, management and business development. This program also gives you the essential soft skills to become a curious, agile manager, open to others.

The 4 pillars of the Master Grande École programme at BSB:

- **Digitalisation**: Training in the use of advanced digital tools such as Big Data, Blockchain and Artificial Intelligence, with particular attention to the ethical implications of these technologies?
- Social Responsibility: Education focused on sustainable development, addressing issues such as climate, natural resources and social justice, to promote responsible management?
- **Globalisation**: Preparation for the challenges of globalisation, including the understanding of emerging markets, global financial issues, and international regulations, in order to become an internationally oriented manager
- **The Humanities**: Strengthening general knowledge through courses in philosophy, art and political science, to develop critical thinking, the ability to analyze and make informed decisions in the face of global complexity

Each of these pillars aims to provide you with the skills and agility necessary to effectively carry out your professional projects through various educational opportunities such as bootcamps, innovation challenges, and conferences.
