Visa Information and Medical Insurance

- Depending on your nationality, you may be required to apply for a visa to study in Ireland.
- It is the enrolling student's responsibility to inform us when they have submitted their visa application. A visa reference number and date of submission is required.
- If your visa application is refused, a refund (minus a €250 administration fee and €130 medical insurance, if MI has been purchased through the college) will be returned to you. Please note that we reserve the right not to refund fees where false, fraudulent, or fake documents have been submitted as part of a visa application.
- If your visa application is successful, you must send confirmation to us directly with a copy of the stamp on your passport.
- Please allow sufficient time to process the visa application, as it can take anywhere from 4 to 16 weeks. you will also need to notify us when you hope to travel before the start of the course so that we can provide you with additional details, such as accommodation, timetables, registration, induction schedules, and possible part-time job opportunities available (if required).

Accommodation

Campus Facilities

Whether you need a desk, a quiet library room, or an IT lab, we have the spaces and equipment you need for deep focus and productivity.

IT Labs

We have four dedicated IT labs across our two campuses equipped with various specialist programmes designed for courses including Data Analytics and Graphic Design.

During induction, each student is provided with a login account for accessing the IBAT College Dublin Learning Portal. Once they log in, students can access numerous support services which have been customised specifically for them and their area of study including:

- Module selection and notes for all classes
- A forum section containing many threads, which range from discussions on areas of study, organising study groups, best reading lists and study material, selling second-hand books, and organising social and sporting events within the college.
- A student feedback service for each module that enables immediate feedback to the academic team

Using Google apps, the following communication and collaboration services are provided to all registered students:

- Gmail – Provides all students with 25 gigabytes of storage per account
- Google Talk – Lecturers and students can call or send instant messages to each other for free

Programme Overview

The Bachelor in Business is designed for domestic and international students, including school leavers, mature learners and those entering at stages 2 or 3 through Recognition of Prior Learning (RPL). The programme provides a comprehensive and modern business education, covering management, finance, human resources, marketing, law, ICT, mathematics, statistics, and economics.

Informed by research and feedback from employers and stakeholders, this degree equips students with the skills needed for success in today's business world.

On Completion, You Will Be Able To:

- Apply specialised knowledge in key business areas, including management, finance, marketing, ICT, and economics
- Critically assess theories and frameworks in business, identifying knowledge gaps and integrating concepts across disciplines
- Solve business problems creatively using software tools and effectively present results
- Design and implement solutions to business challenges, from structured to complex problems
- Analyse and solve business problems within their specific context, using appropriate data and knowledge
- Work collaboratively in diverse teams, take leadership roles, and develop as a self-aware, independent learner
- Reflect on the business world's social, legal, ethical, and operational aspects, considering all relevant stakeholders
