Additional information

Support student development with the online school counselor master's program

Advocate for students facing unique challenges with the online Master of Arts in Education in K-12 School Counselor program. Benefit from a flexible learning environment as you develop real-world experience with restorative practices, alternative discipline methods, and counseling techniques that empower you to transform the social and academic outlook of students.

Our program curriculum examines human development and behavior, ethical and legal standards for counselors, and innovative interventions. All courses are taught by industry practitioners who enhance your development by offering personalized feedback and support. Upon completion of this online school counselor master's program, you will be prepared to seek professional licensure and certification in Missouri.

In this education online program, you will:

- Demonstrate knowledge of human development and behavior to help ensure the health and well-being of students
- Understand and utilize counseling theories and how to apply them for innovative and differentiated interventions
- Utilize helping relationships to promote the health and well-being of all students through individual, group, classroom, and whole school interactions and activities
- Recognize how to use assessments to measure the academic, career, and personal/social development of students
- Exhibit knowledge of career development and processes and assist students in their career exploration and planning
- Comprehend how cultural and social diversity affects learning and development
- Identify how to develop, implement, and evaluate a comprehensive school counseling program
- Discern how to collaborate with stakeholders to create a school counseling vision and mission
- Display the ability to lead and advocate effectively for a comprehensive school counseling program that promotes the success of all students
- Appreciate the ethical, professional, and legal standards within a school counseling program
