Additional information

Programme description

The Master's degree program in the specialisation "Leadership and Statescraft" is an ideal option for you if you want to gain comprehensive knowledge of the art of state management and the mechanisms of policy-making in various areas, as well as develop interpersonal skills, including training in public speaking, which is crucial for leaders or politicians.

Our curriculum includes topics such as:

- **European diplomacy and integration:** you will learn about the study of European integration processes, the functioning of European Union institutions and the dynamics of international cooperation in the European context,
- **economic and social challenges:** you will study the economic and social challenges of contemporary Europe, including economic policy, social sustainability and sustainable development,
- **leadership and communication skills:** you will develop the leadership, communication and interpersonal skills necessary to operate effectively in the field of European diplomacy and politics.

Career Perspectives

- public administration employee,
- political advisor,
- political analyst,
- diplomat,
- international affairs consultant,
- national security specialist.

Programme benefits

Why choose our specialisation?

- complex knowledge of state governance: our program enables students to gain in-depth knowledge of state governance, covering various aspects of politics and public administration,
- exploration of policy-making mechanisms: students will have the opportunity to explore policy-making mechanisms in various areas, allowing them to understand decision-making processes at the state and international levels.
- developing practical skills: academic circles, such as the Debate Club, the Negotiation Club and the Student Foreign Affairs Club, provide real opportunities for students to develop their

debating, negotiation and public speaking skills,

- academic experience: our lecturers have extensive academic experience, having taught at renowned universities in Austria, the United Kingdom and the United States. Their knowledge is based on solid theoretical foundations and research.

What will you gain by choosing the "Leadership and Statescraft" major in International Relations?

- development of leadership skills: the specialisation places a strong emphasis on the development of leadership skills, including team management, interpersonal communication, negotiation and conflict resolution,
- practical experience: the program offers internship opportunities in various institutions, such as embassies, government agencies, international organizations and think tanks.
