#### Additional information

## Improve others' health and well-being with a kinesiology master's

The Master of Science in Kinesiology online program is designed for graduate students who are interested in advancing their careers in the fields of human movement, biomechanics and orthopedics, strength and conditioning, sports psychology, motor learning and control, and skill acquisition. This program will provide you with the skills necessary to work in the field of exercise science, injury prevention, and health and human movement.

In the online master's in kinesiology, you'll explore biomechanical processes that affect human health and learn how managing those processes can contribute to overall well-being. If you are aiming to expand your career in rehab science or human performance in sports science, this is the ideal program for you. Graduates of this program are well-suited for teaching, athletic training, allied health, ergonomics, and health and wellness roles.

### **Kinesiology career opportunities:**

- Clinical Exercise Physiologist
- Athletic Trainer or Director
- Strength and Conditioning Coach
- Sports Coach
- Corrective Exercise Specialist
- Rehab Specialist in chiropractor office
- Fitness Entrepreneur or CEO of fitness company
