Speciality

Pathways Available: International Foundation Year | International Year Zero

Sandwich course fees - charged during the placement year away from the University of Bradford for students on thick sandwich courses, or during the year in which the second placement falls for students on thin sandwich courses. Students charged at 10% of the equivalent full-time fee.

If a placement year is to be undertaken abroad and supported by University funding through the University's exchange programmes, fees will increase to 15% of standard fees to cover additional support, advice and administration costs.

As part of this course you will be required to purchase a lab coat worth £10.

Additional information

Degree Overview

The programme is practical based and patient-centred course with equal amounts of theory and clinical practice which allows you to experience a range of healthcare services. Studying in Bradford gives you experience of the mental health needs of a very diverse population.

The placements incorporated in this course will cover a multi-ethnic city with pockets of affluence but also high levels of deprivation. You will also gain experience in a post-industrial town, a market town and the Yorkshire Dales, all with widely different communities experiencing different mental health problems. You will receive highly rated support whilst you gain experience in challenging but rewarding clinical placements.

Study Reasons

This course is approved by the Nursing and Midwifery Council (NMC) as the statutory body and regulator of nursing and midwifery healthcare professions.

Mental Health Nursing prepares students to work in hospital wards, community teams, the independent and voluntary sectors, or specialist mental health services. Most Bradford graduates gain employment locally and immediately upon completion.
