Requirements

Entry requirements

The entry requirement for a postgraduate taught course is typically equivalent to a UK Second Class Honours Second Division (2:2).

The table below shows how the University equates qualifications from your country to UK degree classifications

Qualification	UK 1st Class	UK 2:1	UK 2:2
Bachelor degree	4.5/5.0 or 81%	4.0/5.0 or 71%	3.5/5.0 or 66%
Specialist Diploma	4.5/5.0 or 81%	4.0/5.0 or 71%	3.5/5.0 or 66%

Accommodation Costs:

- The Green Village: £85 per week
- Townhouse: £75 per week

Speciality

Pathways Available: Pre-Master's

Sandwich course fees - charged during the placement year away from the University of Bradford for students on thick sandwich courses, or during the year in which the second placement falls for students on thin sandwich courses. Students charged at 10% of the equivalent full-time fee.

If a placement year is to be undertaken abroad and supported by University funding through the University's exchange programmes, fees will increase to 15% of standard fees to cover additional support, advice and administration costs.

Additional information

Degree Overview

The programme places a strong emphasis on developing laboratory-based research skills and expertise. A six-month research project offers you an opportunity to acquire skills, and to put them into practice by carrying out cutting-edge research with a real-world impact.

The programme is organised around research-engaged learning, where the classroom and lab are sites for the production and application of new knowledge. The curriculum is designed around the principle of 'spiral learning' where core skills, knowledge, and competencies are reinforced and developed as you study.

The approach to assessment for learning is aligned to both the spiral curriculum and the principle of research-engaged learning. It is also authentic in encompassing the disciplinary and professional skills you will need to pursue a career in the associated scientific and academic fields.
