Additional information

Degree Overview

Designed for students from a wide variety of non-financial disciplines and employment backgrounds, this course combines mathematical and communication skills to offer you a rounded approach to the world of international finance.

MSc International Finance will enhance your employability and open the doors to a global career. You'll be eligible for graduate level positions in areas such as banking, insurance and finance.

As well as communication and presentation skills, vital in this complex industry, you'll gain knowledge of accounting practices, statistics, financial management, banking and insurance, plus a thorough overview of the international financial environment.

You'll graduate with the technical and informational analysis skills you need to create a rewarding career in the industry and the means to apply your knowledge of research methods.
