## Speciality

**There aren't any pathways available**

## Additional information

## Why Management

Management is not just about staff—it's about the smooth running of systems, processes & operations, and yourself.

Management is fundamental to everything—whether managing teams, processes, or the organization. It's easy to be a manager. It's very difficult to be a good manager. Complete two management modules to qualify for a minor in management, or four for a management major.
